VIII International Scientific Conference

„Environmental Engineering – Through A Young Eye”

Innovations – Sustainability – Modernity – Openness

Under the patronage of

Białystok, May 2019

ISMO will provide an opportunity for scientists, engineers, managers and professionals from all over the world to sum up the scientific achievements and to highlight the outstanding problems in the area of environmental engineering. Participation in such a conference would be an excellent possibility to meet colleagues from different universities, to exchange knowledge and experiences, as well as to build up new contacts.

The primary goal of the conference is to promote research and developmental activities in an environmental engineering. It aims to be a field for scientific information exchange between experienced researchers, engineers and young scientists who take their first steps towards innovations.

ISMO attaches importance to presenting and publishing novel and fundamental achievements in the environmental engineering and protection as well as energy and other related areas. Scholars and specialists on ISMO 2019 will share their knowledge, ideas, experiences and present points of view. Our conference will be an international stage to present modern and exceptional study theories, results and their practical applications in related fields.

Visit our website: www.ismo.pb.edu.pl

Topics of interest include, but are not limited to:

- ✓ air, water, soil and ecosystems protection,
- ✓ water and wastewater treatment,
- ✓ municipal and industrial waste utilization and recycling,
- ✓ environmental monitoring,
- ✓ problems of sustainable development,
- ✓ global and local climate changes,
- ✓ water supply and sewage disposal systems,
- ✓ issue of RES renewable energy sources,
- ✓ problems of modern heating networks and systems
- ✓ energy and materials recovery technologies,
- ✓ ventilation and air-conditioning,
- ✓ low emission technologies,
- ✓ circular economy.

Conditions of participation

The ISMO Organizing Committee invites **experienced researchers, academics, science enthusiasts and young scientists** to participate in the conference. Authors are requested to submit their Applications for participation and Abstracts via an electronic form in terms compatible schedule. The full text of the papers should be sent in electronic form in MS Word file (Abstract_Kowalski_Jan.doc or .docx) to: **wbiis.ismo@pb.edu.pl**.

Organizers reserve the right to limit a number of submissions.

Deadlines

31.12.2018	Registration and abstract submission deadline
31.01.2019	Final paper submission deadline
01.03.2019	Notification of Acceptance/Rejection
18.04.2019	Conference fee payment deadline sending the confirmation of payment by e-mail: wbiis.ismo@pb.edu.pl
22-23.05.2019	VIII International Scientific Conference "Environmental Engineering – Environmental Engineering – Through a Young Eye"

Information: e-mail: wbiis.ismo@pb.edu.pl

Conference fee

Each author taking part in the conference should pay the conference fee in the amount of:

- ✓ **Students – 200 PLN**
- ✓ **Other participants – 600 PLN (200 €)**
- ✓ **Co-authors/accompanying persons – 500 PLN (175 €)**

Conference participants have to fill in the registration form and pay the conference fee.

There is possibility **to receive the invoice for that payment**, please mark it in the Application Form.

The payment should be transferred for an account of:

Publications

ISMO'19 will offer a variety of publication formats, including Abstracts, full and short papers. Abstracts are limited to 1 page. Full papers length will depend on the recommendations of the journals. Short papers are limited to 4 pages. Submissions must follow the formatting instructions of their respective submission category.

All papers will be subjected to peer review by an Scientific Committee.

All papers will be reviewed and accepted ones will be published as:

- ✓ 2-4-page abstracts (including DOI) in Proceedings an Open Access Journal by MDPI. Proceedings will be send to relevant indexing databases for example, WoS, and Scopus.

proceedings

an Open Access Journal by MDPI

- ✓ Chapter in the monograph (including DOI) series "Environmental Engineering – Through A Young Eye" in English (chapter in a monograph means min 20 thousand characters with spaces) issued by the Publishing House of Bialystok University of Technology in the form of electronic books with an ISBN number.
- ✓ Civil and Environmental Engineering (in Polish).

Information: e-mail: wbiis.ismo@pb.edu.pl

- ✓ Installation Market (in Polish).
- ✓ Journal "Economics and Environment". **surcharge**
- ✓ District Heating, Heating, Ventilation. **surcharge**
- ✓ Architecture Civil Engineering Environment. **surcharge**

Manuscripts publication only after oral/poster presentation during the conference.

The Scientific Committee will recommend publication in the mentioned journals or in the monograph of the series "Environmental Engineering - Through A Young Eye" based on sent abstracts. Authors will be notified of recommendations for particular journals or conference materials within two weeks of completing the registration.

Additionally, all one page abstracts will be also published a conference e-book of abstracts.

All abstracts and manuscripts will be reviewed blind, so please prepare your papers accordingly and remove author's names and affiliation before the submission.

**DETAILED GUIDELINES ON FORMAT OF ABSTRACTS AND PAPERS
AS WELL AS THEIR TEMPLATES WILL BE GIVEN IN II STATEMENT AND
PUBLISHED ON THE CONFERENCE WEBSITE ismo.pb.edu.pl**

Conference is supported from a project **VIPSKILLS - Virtual And Intensive Course Developing Practical Skills Of Future Engineers Erasmus+ 2016-1-PL01-KA203-026152**, that gathered teachers, scientists and students from Białystok University of Technology (Poland), the University of Cordoba (Spain) and Vilnius College of Technologies and Design (Lithuania) as well as engineers from PZiTb (Poland) and cooperating companies.

It responds to an increasing need for:

- changes in the higher education system due to developments in the construction and energy sectors,
- availability of ICT technologies in the design process,
- higher mobility of students' and staff,
- meeting expectations of employers in the international labour market.

All Intellectual Outputs, including books BUILDINGS 2020+ are free available at the project webpage: **www.vipskills.pb.edu.pl**.
